Vacancies: 1

Posting #: 002-2012
Open Competitive

UTILITIES TECHNICIAN I

Salary Range (194) \$26,704 - \$40,634

CLOSING DATE: October 17, 2011

POSITION:

Employees in this classification perform semi-skilled work, frequently requiring heavy manual labor in the installation, operation and maintenance of the City's Stormwater, Wastewater or Water systems. Incumbents must demonstrate a degree of skill in the use of hand and power tools, mechanical equipment or machinery utilized in the installation, operation and maintenance of the utility systems, structures and appurtenances. An employee may be trained and assigned to operate various associated equipment on a relief or intermittent basis. Work is subject to close supervision and employee receives instructions subsequent to each new job assignment. Constant supervision is not required for routine and repetitive tasks. Assists other employees and technicians in all aspects of assignments by written order or verbal instruction.

Position may be required to be on call, including nights, holidays and weekends.

ESSENTIAL FUNCTIONS:

The list of duties and functions, as outlined herein, is intended to be representative of the type of tasks performed within this classification. They are not listed in any order of importance. The omission of an essential function does not preclude management from assigning duties not listed herein if such functions are a logical assignment to the position.

- Performs excavating and backfilling or excavation tasks utilizing hand and power tools.
- Performs installation of piping systems, structures and appurtenances.
- Assists in and performs the location and marking of existing underground facilities prior to excavation.
- Assists and perform cleaning, inspection and testing of lines and systems.
- Assists in and performs maintenance operations of the City's utilities systems, structures and waterways.
- Installs, removes or replaces meters, valves, gauges or other utility mechanical devices.
- Assists in maintaining inventory usage records. Assists in and performs restoration of disturbed concrete, asphalt and landscape areas. Operates and maintains hand and power tools associated with job tasks.
- Assists in removal of debris from canals.

MINIMUM QUALIFICATIONS:

- High school diploma or GED equivalent; supplemented by previous labor experience in the construction trades, preferably in plumbing, pipe fitting, irrigation or similar.
- Must hold a State of Florida Driver's License and
- Level 3 Distribution System Operator License

PREFERRED

Class B Drivers License

Certification in work zone traffic control (MOT).
